STEAM

Dear Hilltop Families,

We need your help! On Tuesday, April 20th and Thursday, April 22nd, Hilltop will host its Science, Technology, Engineering, Art and Math (STEAM) Event. This year the event will be remote, with presenters sharing via **Zoom**. We are looking for parents and community members who are willing and able to:

- **Be involved in the planning:** We need volunteers who can assist with planning, recruiting presenters, communication, preparing materials, and the details of the event.
- **Lead a session:** Talk about what you do in your profession or hobby, and/or present an interactive or hands-on activity. Sessions are one hour or less.

The class presentations will be done on Zoom this year. Whenever possible, parents will be matched with requested classroom teacher(s). It is ideal if you can repeat the same presentation for both days if we have A & B hybrid groups. We can help support presenters with gathering and distributing materials for hands-on components.

Some ideas for presentations might include but are not limited to:

- Coding
- Hand Washing Science
- Making Slime
- Tower or Bridge
- Solving an Environmental Problem
- Making Recycled Paper
- Making Rockets with glow sticks
- Graphic Design
- Finance
- Scientific Research
- Road Construction

If you are interested or just considering presenting a session or helping with planning please fill out this form: <https://forms.gle/2TGJdCgtMM3iek8P9> . Someone from the STEAM committee will be in touch with you. You can also reach out to Principal Melissa Somoza for more information at SomozaM341@edmonds.wednet.edu.
